

# **Interstate 80 Rehabilitation Projects**

## **Business Enterprise Outreach**

On March 11, the California Department of Transportation (Caltrans) is holding an outreach event to inform the business community about contracting opportunities associated with two **Interstate 80 Roadway Rehabilitation Projects** in Placer County. The **Gold Run II Project** (Caltrans Contract Number 03-1A8014) and **Auburn Project** (Caltrans Contract Number 03-0A6004) consist of rehabilitating the roadway, improving traffic operations and adding safety features.

The event will provide an opportunity to learn about the scope of the projects, the contract requirements, and will provide a forum for prime contractors, subcontractors, suppliers, and other businesses to meet and network.

The bid opening for the estimated \$32 million Gold Run II Project is scheduled for April 7, 2004. The bid opening for the estimated \$56 million Auburn Project is scheduled for April 21, 2004. Both projects will have Disadvantaged Business Enterprise (DBE) goals. For assistance with certification, contact the Caltrans Civil Rights DBE Certification Unit at 866-810-6346 or 916-324-1700.

The event will be held:

**THURSDAY, MARCH 11, 2004**  
**1:30 p.m. to 4:30 p.m.**  
**Caltrans Gateway Oaks Office**  
**2800 Gateway Oaks Drive, Sacramento, CA**

Space is limited. To confirm your reservation or inquire about the event, please call the event coordinator at 530-741-7121 or send mail electronically to [Jon.Whiteman@dot.ca.gov](mailto:Jon.Whiteman@dot.ca.gov). Updated project information can be found on the Caltrans Office Engineer website at <http://www.dot.ca.gov/hq/esc/oe/>

Some elements of work that may present opportunities for subcontracting on these projects include:

**Temporary Fence • Construction Signs • Temporary Traffic Striping • Temporary Lighting • Remove and Replace (R/R) Fencing • R/R Metal Beam Guardrail • R/R Painted Traffic Striping • R/R Signs/Structures • R/R Asphalt Concrete (AC) Surfacing • Remove Concrete Deck Surface • Culvert/Drainage Rehabilitation • Cold Plane AC Pavement • Erosion Control • Revegetation • Slurry Seal • AC Dikes • Rumble Strips • Portland Concrete Cement (PCC) Joints • Polyester Concrete Overlay • Concrete Barrier • Thermoplastic Traffic Striping (Recessed and Non-recessed) • Modify Lighting • Fiber Optic System • Storm Water Pollution Prevention Plan • Traffic Control Systems • Crash Cushions • Remove Concrete • Lead Compliance Plan • PCC Pavement • Minor Concrete • Miscellaneous Iron and Steel • Pavement Markers • Traffic Operation Systems**

Individuals who require special accommodations (sign language interpreting, real-time captioning, note-takers, reading or writing assistance, accessible seating or materials in Braille, large print, audio, audiocassette or computer disk) are requested to contact Leslie Case, Public Information Officer, Caltrans – District 3, 703 B Street, Marysville, CA 95901, (530) 741-4571 (voice phone) or (530) 741-4509 (TTY) one week prior to the meeting. 02/04
